Description

A luxurious two-story cottage with a stunning lakeside location is available for rent in the elite Greenfield cottage community. The cottage measures 450 sq. m. + an additional structure – a 2-car garage with an 88 sq. m. storage area.

Functional layout: 1st level: living room with a working fireplace, kitchen, dining room, and an outdoor terrace with a barbecue area. 2nd level: 3 bedrooms with ensuite bathrooms and walk-in closets, sauna, home theater, and study. This mansion has been designer-renovated in a neoclassical style. Natural, expensive materials were used in the finishing: marble, precious woods, and glass. Each room is fully furnished and complemented with various decorative elements (mirrors, fresh flowers, etc.). Panoramic glazing with windows overlooking the interior.

Landscaped, picturesque 20-acre plot with paved paths and neat ornamental shrubs. The house features a summer rotunda with a barbecue.

The location is ideal—the lake is right next to the house, and on the other shore, within walking distance, there's a restaurant and a shop. The gated community is surrounded by forests and boasts well-developed amenities, including Kingsley Kindergarten, Villagio restaurant, Apriori café, household services, Glavdhimchistka, a minimarket, Kingsley School, a tennis court, and playgrounds. Greenfield has two entrances: a private road through a picturesque forest and a second entrance from the Millennium Park and Sherwood communities.
