Description

A unique three-level penthouse in the Kvartal na Leninskom complex. Gated and guarded territory, presentable entrance and two underground parking spaces. Quality renovation to a bespoke designer project using expensive natural materials.

Smart Home system installed — control climate, lighting, curtains and music throughout via smartphone.

Level 1: a living room, an open-plan kitchen and dining area, a children's play room, a bedroom, a bathroom, a home cinema, a laundry/storage room and a wardrobe. Level 2: a study, a library, a bedroom, a bathroom, a storage room and a balcony with a summer lounge zone. Level 3: a bedroom in Japanese style with an en-suite bathroom — the architectural ceiling allows star-gazing from the jacuzzi. Ceiling height on the third level reaches 6 metres.
