Club House NICOLE

Площадь Революции ЦАО Moscow, Nikolskaya ulitsa 8/1, 10/2

Description

"Nicole" is the only deluxe residential complex located two minutes from the Kremlin, in the Kitay-Gorod district. The architecture was designed by Heatherwick Studio and Paris Classical Architecture. The facades of the three residences (Nicole Club, Nicole Residence, and Nicole Collection) form a unique ensemble, each with its own character.

The public spaces were designed by Hirsch Bedner Associates (who have worked with Waldorf Astoria and Ritz Carlton) and Coho Interior Design. Inside, there are lounge areas, both classic and contemporary. Nearby are restaurants, galleries, and exhibition spaces, as Kitay-Gorod is gradually being updated.

Residents have access to a private club and spaces for relaxation and work by leading international designers. Entrust your daily chores to our premium 24/7 service: they will tailor luxury hotel-quality services to your individual needs, supported by smart home systems. Security and video surveillance are available 24/7.

The Kremlin, Red Square, GUM, and the Four Seasons and Metropol hotels are all within walking distance. Children can enroll in the best schools and kindergartens in the historic center. The apartments (with a deluxe pre-finishing option and the option of a custom design project) offer panoramic views of Moscow's main landmarks.
