Petrovsky cottage village

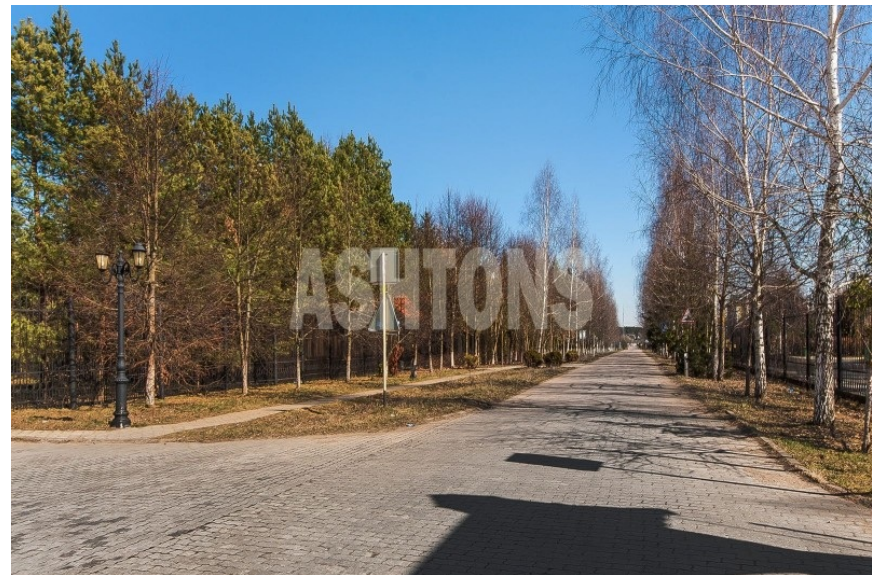

Moscow, Moscow Region, Krasnogorsk Urban Okrug, Petrovsky Cottage Village, Derzhavina Street

Description

Petrovsky cottage village is located in one of the most ecologically clean and prestigious areas of the Moscow region — the village of Petrovo-Dalneye, Krasnogorsk district, just 13-15 km from the MKAD via Ilyinskoye Highway. The village spans 60 hectares and features 180 households — two-story cottages and townhouses in a unified architectural style reminiscent of a quiet European suburb, with house sizes ranging from 237 to 1,500 sq.m. The village is surrounded on three sides by centuries-old pine forest, with the Lipka River and Moscow River nearby, offering scenic views and fresh air. Professional landscaping includes green lawns, flower beds, gazebos, bike paths, and barbecue areas. Infrastructure includes shops, restaurants, a fitness center with a pool, and a two-story children's center. Excellent transport links: 10-15 minutes to MKAD and about 25 minutes to Moscow-City, plus shuttle taxis to Kuntsevskaya, Tushinskaya, and Krylatskoye metro stations. 24/7 security and controlled access ensure privacy and safety.
