Description

A stunning view apartment with a designer finish is now for sale in the Moscow Tower of the City of Capitals complex — a true gem of the Moscow City business cluster. Located on a high floor with sweeping views over the Moscow River, this residence is bathed in natural light and offers breathtaking panoramas of the capital. The interior is executed in a contemporary style using premium materials, and the apartment comes fully furnished and equipped with high-end appliances, ensuring a comfortable living experience with no additional investment required. With ceiling heights of 3.2 metres, the sense of space and airiness is truly remarkable, while the dynamic architecture of the towers with their full-height glazing creates a distinctive sense of movement that is a hallmark of the Moscow City skyline.

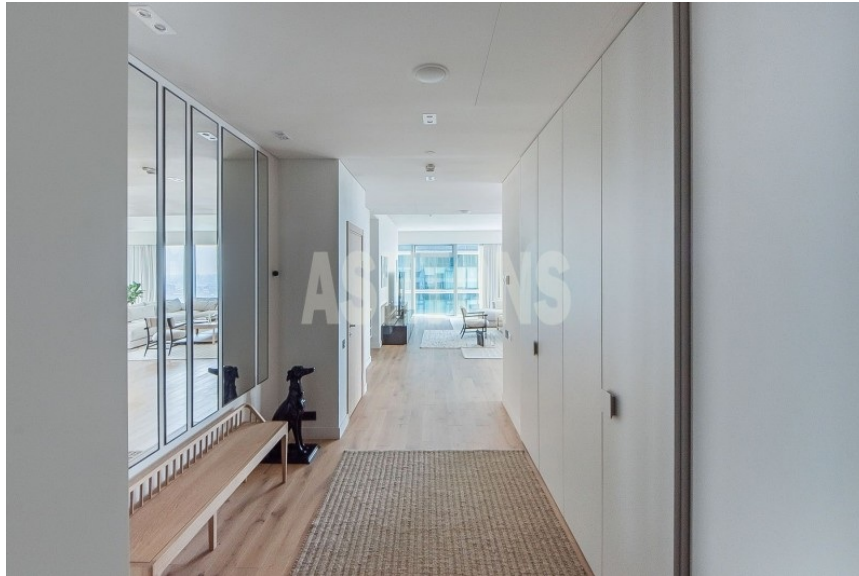

The layout has been carefully designed for maximum convenience and privacy. It comprises a spacious kitchen-living room with panoramic river views, two separate bedrooms each with its own en-suite bathroom and walk-in wardrobe, an additional dressing room, and a guest restroom. Every area has been designed to make the most of the views and natural light. The complex's modern engineering systems, high-speed lifts, and premium service offerings ensure an impeccable standard of business-class living, where every detail contributes to resident comfort.

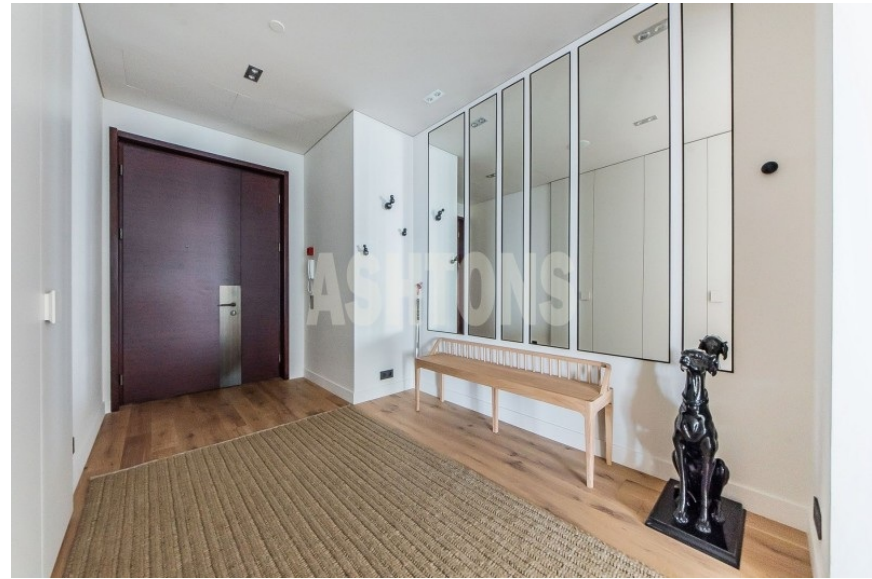

One of the key advantages of the location is its outstanding transport connectivity: the Moscow City transport hub is within easy reach, with Delovoy Tsentr and Vystavochnaya metro stations, as well as the Moscow Central Circle, all just a short walk away. For motorists, convenient access to the Third Transport Ring and Kutuzovsky Prospekt is available, while residents can take advantage of underground parking with options to purchase or rent spaces, making everyday journeys fast and effortless.
