Residential complex "Panorama"

Улица 1905 года ЦАО Moscow, ulitsa Klimashkina 17s2

Number of storeys **10**

Description

"Panorama" is a luxury clubhouse at 17s2 Klimashkina Street. Developer Capital Group created a building with a "pixelated" glass façade that has set a new trend in Moscow. A total of 32 lots (apartments and a penthouse) range in size from 170 to 350 square meters.

Two buildings (9 and 10 stories) were designed by Ostozhenka (Skokan and Kanyashin). The façades are fully glazed with three types of glass and red aluminum railings. The main feature is an S-shaped "crack" in the building, opening onto a neo-Gothic church. Ceilings are 3 meters high and feature panoramic windows.

The courtyard is elevated above the street, landscaped, and private.

Residents have access to a World Class fitness club with a 25-meter pool, a spa, a beauty salon, a children's room, and a 24/7 concierge. A two-level parking garage with 143 spaces. Full video surveillance and a checkpoint at the entrance.

Nearby: Ulitsa 1905 Goda metro station (7-9 minutes' walk), the Moscow Zoo, planetarium, schools, restaurants, and the Azbuka Vkusa supermarket.

Modern engineering systems: central air conditioning, ventilation, water purification, enhanced soundproofing, and silent elevators.
