Residential complex "Pyzhevskiy"

Третьяковская ЦАО Moscow, Pyzhovskiy pereulok

Description

Pyzhevsky is a club complex in Zamoskvorechye, a quiet area in central Moscow, 0.5 km from the Tretyakov Gallery and 1.5 km from the Kremlin. The architectural concept features four club mansions, each unique.

The buildings' facades vary: with round columns (a nod to the classical architecture of Zamoskvorechye), triangular columns and accents on large windows, diamond-shaped elements and large panoramic terraces, and an interpretation of the classical order with soaring balconies on the Ordynka side.

The courtyard is an intimate space between the mansions, preserving peace and privacy as the highest values. Relax in the quiet of old Moscow's alleys or stroll along Pyzhevsky Lane—away from the bustling highways, yet in the heart of the modern capital.

Residents have access to deluxe services. Household chores can be handled by our 24/7 Comfort Service: they'll arrange grocery delivery, call a maid, or cleaning services, care for your plants and pets in your absence, and even pick up and deliver your car at the entrance. Security and video surveillance are available 24/7.

Within walking distance are the Tretyakov Gallery (6 minutes), Muzeon Park and GES-2 (11 minutes), Zaryadye Park (17 minutes), as well as Bolshaya Polyanka, Bolshaya Ordynka, and the Garden Ring (1.2 km). Children can be enrolled in schools and kindergartens in the Zamoskvorechye district. The windows offer panoramic views of the Kremlin, the Cathedral of Christ the Savior, and other cultural heritage sites of Moscow.
