Description

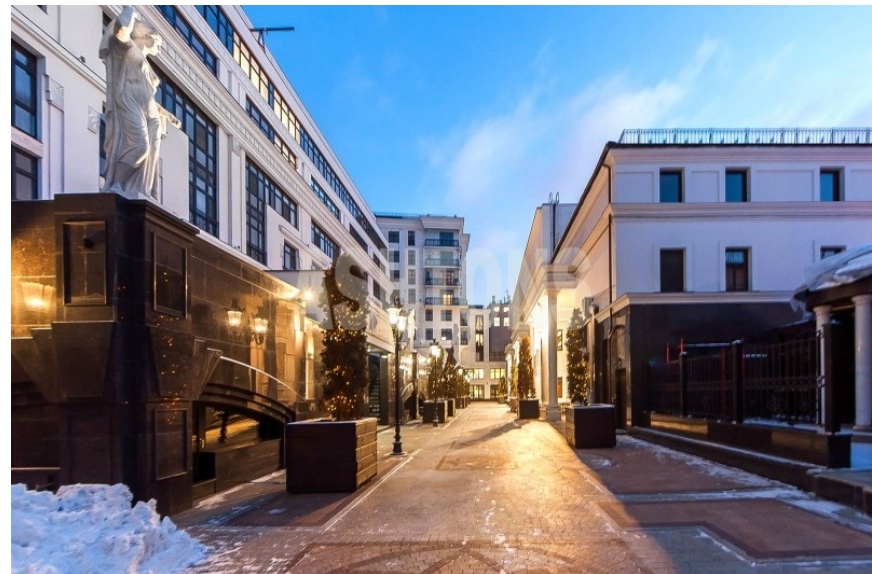

The Chistye Prudy Club Residence is a deluxe residential complex located in the historic center of Moscow, in the Basmanny District. The complex consists of several buildings of varying heights (4–7 stories), connected by an inner courtyard. The residence comprises 34 apartments, providing an intimate atmosphere and a high level of privacy.

The complex's architecture is inspired by Italian palazzos with classical elements: the facades are decorated with natural black stone, white plaster, stucco, columns, bas-reliefs, and mosaics.

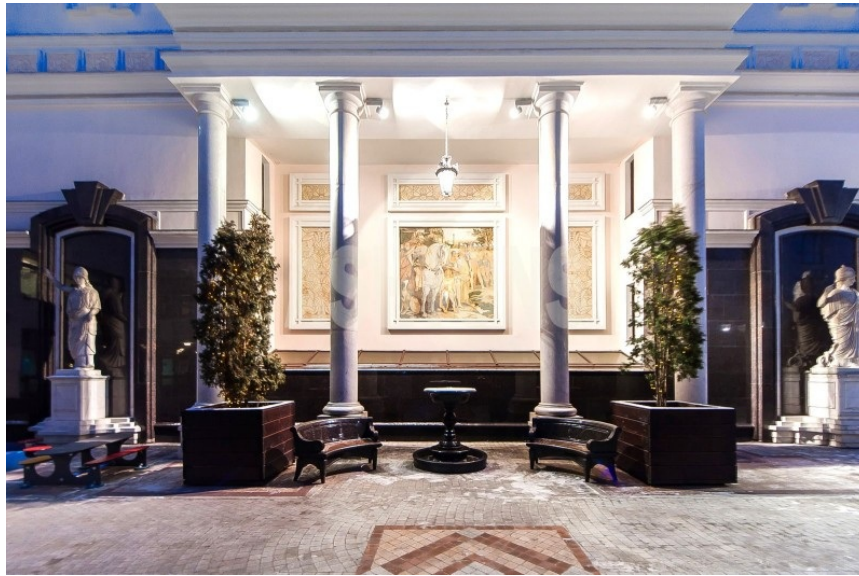

The residence's infrastructure befits its premium status: a two-level underground parking garage for 88 cars, 24-hour security and video surveillance, a gym, sauna, and a lounge area with a fireplace. An enclosed courtyard with fountains and sculptures creates the atmosphere of a secluded European neighborhood.

The Basmanny District location provides easy access to key cultural attractions: Chistoprudny Boulevard, Pokrovka and Maroseyka ulitsa, the Sovremennik Theater, and Zaryadye Park. Moscow's best restaurants, galleries, and boutiques are within walking distance. Transportation is also accessible via the Chistye Prudy, Kurskaya, and Chkalovskaya metro stations, as well as the Boulevard and Garden Rings.
